

Vindhyan Physio & Rehab Center

Comprehensive Operational, Legal & Marketing Guide

Location: Vindhyachal, Mirzapur, Uttar Pradesh — **Lead Physio:** Dr. Satyam Vishwakarma

1 Operational & Legal Setup (Uttar Pradesh)

1.1 Registration via UP Nivesh Mitra

All business clearances in Uttar Pradesh run through the single-window portal **UP Nivesh Mitra Portal** (niveshmitra.up.nic.in).

- Register as a single entrepreneur unit under "Vindhyan Physio & Rehab Center".
- Use this single dashboard to apply for both the **Clinical Establishment Act (CEA) Certificate** and **UP Pollution Control Board (UPPCB) BMW Authorisation**.

1.2 Clinical Establishment Registration (CEA)

Under the UP Clinical Establishments (Registration and Regulation) Rules (adopting the national **Clinical Establishments Act Platform**), a single-practitioner outpatient therapy clinic is categorized as a **Non-Bedded Outpatient Clinical Establishment**.

- **Authority:** District Registration Authority (DRA), chaired by the Chief Medical Officer (CMO), Mirzapur District.
- **Process:**
 1. Apply for **Provisional Registration** online via **Nivesh Mitra Portal** or the national **CEA Portal**.
 2. Provisional registration is granted without prior physical inspection, allowing operations to start. Valid for 1 year.
 3. Apply for **Permanent Registration** within the prescribed timeframe. The CMO team may conduct a basic physical inspection of physical space, equipment, and cleanliness.
- **Mandatory Documents Required:**
 - BPT / MPT Degree Certificates and Registration with UP State Allied Health Council / National Commission for Allied and Healthcare Professions (**NCAHP Portal**).
 - Identity (Aadhaar, PAN) and Address Proof of Dr. Satyam Vishwakarma.
 - Rent Agreement / Property Ownership proof in Vindhyachal.
 - Clinic floor plan showing treatment area, waiting area, and washroom access.
 - List of therapeutic equipment (IFT, TENS, Ultrasound, Exercise Benches).
 - Certificate of Biomedical Waste (BMW) Disposal Tie-Up.
- **Mandatory Display:** The CEA Registration Certificate and standard treatment rate list must be displayed prominently at the clinic entrance.

1.3 Biomedical Waste Management (BMW Rules, 2016)

Physical therapy clinics generate hazardous waste (dry needles, resistance bands, alcohol wipes, cotton, electrode pads). Non-bedded clinics are not exempt. Guidelines are governed by the **Central**

Pollution Control Board (CPCB) and the state body **UP Pollution Control Board (UP-PCB)**.

Waste Category	Container Type	Typical Physio Items
Yellow Bin	Non-chlorinated Yellow Bags	Soiled cotton, gauze, tape, swabs
Red Bin	Non-chlorinated Red Bags	Disposable gloves, tubing, rubber bands
White Box	Puncture-proof Sharp Box	Dry needles, lancets, acupuncture needles
Blue Box	Cardboard/Plastic Box with Blue Marking	Broken glass ampoules, glass medicine vials

- **CBMWTF Tie-up:** Contract the designated Common Bio-Medical Waste Treatment Facility (CBMWTF) vendor operating in Mirzapur district for daily/weekly pick-ups.
- **UPPCB Authorisation:** Apply for **Form II (Non-Bedded Occupier Authorisation)** under **UPPCB** via **Nivesh Mitra Portal**. Valid indefinitely unless operational scope changes.
- **Annual Return:** File **Form IV** annually on the **UPPCB Portal** by June 30th.

1.4 Municipal & Tax Requirements

- **Mirzapur Nagar Palika Parishad:** Obtain a local **Trade License / Commercial Establishment License** for opening an OPD clinic within Vindhyachal city limits via **UP e-Nagarsewa Portal**.
- **Property Tax / Commercial Electricity:** Convert the electricity meter to commercial tariffs via **UPPCL Portal** and maintain commercial property tax receipts.
- **GST Exemption:** Outpatient healthcare services provided by certified healthcare professionals are currently exempt from GST in India. GST registration is not required unless selling retail orthopedic products exceeding INR 40 Lakh annual turnover.

1.5 Patient Records, Informed Consent & Safety

Since the clinic operates without a receptionist, streamline workflows digitally:

- **Informed Consent Forms:** Maintain bilingual (Hindi/English) consent forms for dry needling, electrotherapy, manual manipulation, and traction. Highlight risks (skin irritation, soreness, rare pneumothorax).
- **EMR (Electronic Medical Records):** Use low-cost EMR apps running on a tablet (such as **Practo Ray** or **MyOPD**) to record patient history, ROM measurements, treatment plans, and digital signatures. Retain records for at least 3 years.
- **Emergency Equipment:** First-aid kit, digital BP monitor, pulse oximeter, and a wall-mounted AB-type Fire Extinguisher (with annual refill tag).

2 Local Marketing & SEO Strategy

2.1 Google Business Profile (GBP) & Maps

Local map listings drive over 70% of local physical therapy inquiries in Tier-2/3 hubs like Vindhyachal-Mirzapur. Setup your account via **Google Business Profile Support**.

Element	Optimization Strategy
Business Name	Vindhyan Physio & Rehab Center — Dr. Satyam Vishwakarma
Primary Category	Physical Therapy Clinic (Primary), Physiotherapist (Secondary)
Location Pin	Precise pin drop near key landmarks (e.g., Temple Road / Station Road)
Photos & Verification	Upload 15–20 geotagged high-res photos of entrance, rehab tools, and doctor

2.2 Target Search Keywords

- **”physiotherapist in Vindhyachal”** → Direct Hyper-Local Intent (Target via GBP & Home Page).
- **”physio clinic near me”** → Radius-Based Intent (Optimize local NAP citations).
- **”physiotherapist in Mirzapur”** → Regional City-Level Intent (Dedicated landing pages).
- **”paralysis rehabilitation in Mirzapur”** → High-Intent Specialty (Blog/video content & patient reviews).

2.3 Website, Directory & WhatsApp Setup

- **Website:** Build a fast, mobile-friendly site with clear sections: Home, About Dr. Satyam Vishwakarma, Services (Back Pain, Stroke Rehab, Knee Osteoarthritis), and a direct WhatsApp Booking button.
- **Local Directory Citations:** Claim free listings on:
 - [Justdial Portal](#)
 - [IndiaMART Directory](#)
 - [Sulekha Local Services](#)
 - [Practo Doctor Directory](#)
- **WhatsApp Business Automation:** Configure auto-greetings, away messages, quick replies (/fees, /location), and catalog for treatment packages via [WhatsApp Business](#).

2.4 Offline Outreach

- **Doctor Referral Network:** Visit local Orthopedic Surgeons, General Physicians, and Neurologists in Mirzapur town with your professional credentials.
- **Diagnostic Camps:** Conduct Sunday ”Joint & Spine Assessment Camps” at local community halls (*Dharamshalas*).
- **Signage:** Install an LED glow-sign board on the main road pointing toward your clinic.

3 30-Day Implementation Plan & Checklist

3.1 30-Day Timeline

- **Week 1 (Legal & Premises):** Finalize lease agreement, submit [UP Nivesh Mitra Portal](#) applications, order clinic furniture and treatment beds.
- **Week 2 (Setup & Procurement):** Execute CBMWTF waste disposal agreement, procure IFT/TENS/Ultrasound units, install fire extinguisher.
- **Week 3 (Digital Presence):** Setup [Google Business Profile](#), WhatsApp Business, and install outdoor sign board.

- **Week 4 (Launch & Outreach):** Soft opening / Puja, distribute leaflets in local newspapers, visit local physicians in Mirzapur.
